

Aircraft Mechanic CAT A (m/f/d)

Do you want to become part of the most international company in the world? A company that operates in more countries than any other and has been paving the way for international express deliveries since 1969? Do you want to be part of a company that connects people worldwide? And the more we connect people, the better the world becomes. Do you want to make a difference? Then join our team, which is dedicated to absolute customer orientation.

For more information about European Air Transport, please visit: eat-in-leipzig.dhl.

European Air Transport Leipzig GmbH (EAT) is a subsidiary of Deutsche Post DHL Group. It serves as both a maintenance operation and a cargo airline. The EAT Leipzig fleet currently consists of 36 aircraft, including Airbus A300-600, Airbus A330-200, and Boeing 757.

WHAT TO EXPECT

Are you as passionate about aircraft as we are? With us, you ensure that our wide-body aircraft move their cargo around the world punctually and safely.

- Maintenance and servicing of commercial aircraft and aircraft components within the scope of line and base maintenance
- Independent troubleshooting and elimination of malfunctions
- Replacement of defective components and fluids
- Testing the functionality of, for example, control systems, landing gear, hydraulic systems, engines, braking systems, etc.
- Inspection of aircraft and aircraft components
- Control and documentation of performed repair and maintenance work

What you should know:

- Permanent employment contract in a crisis-resistant company
- Reliable corporate salary, including salary increases according to the collective agreement
- Supplements for night shifts, Sundays, and public holidays
- Work-life balance in a shift model:
 - Always a 4-day workweek and always followed by 4 days off
- Shift times:
 - Day shift: 06:45 - 18:45 / 07:15 - 19:15

- Night shift: 18:30 - 06:30 / 19:00 - 07:00

WHAT YOU SHOULD BRING

- Completed vocational training as an aircraft mechanic in the areas of maintenance or engine technology
- Necessary requirements:
 - Required licence: EASA Part-66 Category A (CAT A)
 - Good knowledge of English (at least specialized knowledge is strongly required)
- Precise and conscientious work
- Enjoyment of teamwork
- Willingness to work in shifts

WHAT WE OFFER

You will work at a Great Place to Work® for the globally most awarded TOP employer 2023 in a working environment with international colleagues in our hangar, directly at Leipzig-Halle Airport. We offer great benefits in the form of very affordable job tickets, job bikes, exciting development opportunities, a free supplementary health insurance, company childcare places, employee canteen, and discounted flight tickets for private use.
