

**Spring Airlines** is China's first and only low-cost airline – guaranteeing customers the best-value airfares in China. Founded in 2005 by Spring Travel. Since becoming the dominant player in the domestic travel market, Spring Airlines has set out to revolutionize air travel in China... Headquartered in Shanghai, China's financial capital, Spring operates a state-of-the-art fleet of Airbus A320 aircraft, one of the youngest fleets in the world today. Spring Airlines has received Top safety awards won from Airbus Industry and China's Aviation Authority. Convenient airports and wide range of destinations giving broad appeal and serving different geographies and customer types. Bases at both Shanghai airports – Hongqiao and Pudong – as well as Shenyang in northeast China and Shijiazhuang, Beijing's new gateway airport. Flying over 50 routes across China and beyond.
